Corozal is the northern-most town in Belize and is located on the seaside in the bay of Corozal, just ten minutes from the Mexican border. It's a quiet, laid back town and is unique among towns because of the Santa Rita Mayan Site located inside the town itself. It is the home to the famous Fort Bartlee, which was constructed around 1870 to defend the town's occupants from their enemies.

Things to do:

- ❖ Santa Rita Mayan Site
- ❖ Cerros Mayan Site
