The Belize Zoo was founded in 1983 and is fondly known as the Best Little Zoo in the world. It sure lives up to its name, as it is the home of over 125 animals of 48 species. The zoo was built in the natural environment of Belize and the animals, with dense natural vegetation. The animals are well cared for and the place is well maintained. You will be able to get up close to the jaguars, tapirs, monkeys, crocodiles, the Toucan, many more animals and tropical birds. This tour is highly recommended for the entire family.
